

Foundation Project Plan

Spring First half Term 2012

This term classes
1 and 2 will be working
on the shared theme
of ...

Space walk

Communication, Language and Literacy

We will be reading fiction and non-fiction texts relating to the space theme.

We will be sequencing stories using pictures and telling stories with microphones. We will write captions to pictures.

We will be learning to read long vowel sounds. In handwriting we will be continuing to learn to form letters correctly.

Mathematical Development

Practical number work adding and subtracting with numbers to 20. Writing numbers to 20. Creating repeating patterns.

Practical activities in measuring, length, weight and capacity with non-standard units. Reading the 'o'clock' time.

PSHE

Friendships and sharing
Learning about the importance of family, friendships and celebrations in the Jewish faith.

Physical Development

Gymnastics.
Using small tools and developing fine motor skills.

Creative Development

Art using a variety of media related to literacy and science work. Making 3D models of space vehicles using boxes and a lunar landscape using modroc.
Role play activities in the "Space Capsule" and using the "Lunar Landscape".

Listening to parts of Holst's Planet Suite and painting to his music.

Learning new songs and finding out about pulse and rhythm in music.

Knowledge and Understanding of the World

Finding out about our solar system and space travel. Why we have night and day and the effect on earth of these.
Using the Espresso web provider to watch space clips and use related activities. Use programmable toys.
